Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 28 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Breezy with scattered showers, locally heavy.

Today:
Patchy cloud to start the day bringing showers during the morning, locally heavy and perhaps thundery. Showers continuing into the afternoon with sunny spells between. Feeling cooler than recent days with a notable breeze. Maximum temperature 20 deg C (68 deg F).

Tonight:
Daytime showers easing into the evening, bringing clearer spells for many. Overnight, a few passing showers with clear spells. A fresher feeling night than of late. Minimum temperature 8 deg C (46 deg F).

Thursday:
A largely dry start with sunny spells but becoming cloudier in the north with some showery outbreaks. Sunny spells elsewhere, later followed by heavy overnight rain in the south. Maximum temperature 21 deg C (70 deg F).

Outlook for Friday to Sunday:
Scattered showers, locally heavy and thundery on Friday with some sunny spells. Occasional showers with sunny spells over the weekend. Temperatures near normal with mainly light winds.
